FAMINE AND PESTILENCE STALK IN MEXICO'S CAPITAL, SAYS REPORT

Villa Hammers at Matamoras

Plans End of Trouble

[Associated Press by Federal Wireless]
LOS ANGELES, Cal., March 29.—
Typhus and smallpox are scourging
Mexico City and famine stalks the
streets, says a despatch to the Times
from El Paso.

Information filed with the state de-

partment at Washington, says the
same correspondent, has it that the
outbreak of pestilence was not merely
an aftermath of the various tides of
invasion that have swept through the
capital within the past few months,
but that it was deliberately spread by
inoculations.

Notwithstanding the plague, it is
declared that dead dogs, cats, rats and
horses found in the streets are eagerly
eaten by the starving populace.

WILSON CONFIDENT IN STABILITY OF NATION

[Associated Press by Federal Wireless]
WASHINGTON, D. C., March 28.—
President Wilson, addressing the
members of the Methodist Church
South conference yesterday, said that
he had confidence in the calm and
thinking people of the nation, who
stood ready to act as stabilizers when
the excitable portion of the popula-
tion started in to rock the boat.

"When I am speaking in your name,
I am powerful, but when my words do
not voice the best feelings of the coun-
try, I am weak," said the president.
Continuing, he said: "It is possible
for a people to be impartial in their
consideration of a quarrel which is
not their own. We cannot expect to
see the end of the war until men cease
to hate each other and until they get
the feelings of the reality of the
brotherhood of man."

PRESIDENT WILSON ON SHORT VACATION

[Associated Press by Federal Wireless]
WASHINGTON, D. C., March 29.—
The cornerstone of the magnificent
memorial being erected by the Ameri-
can Red Cross in honor of the women
of the Civil War was laid on Saturday
by President Wilson, who paid a glow-
ing tribute in his address to the part
the women of the Union and the
women of the Confederation had played
during the great four-year struggle.
Former President Taft was one of the
speakers. The memorial is to cost
\$300,000.

ROOSEVELT TAKES DEEP-SEA TRIP IN SUBMARINE

[Associated Press by Federal Wireless]
SAN DIEGO, Cal., March 29.—
Franklin D. Roosevelt, assistant sec-
retary of the navy, explored the bot-
tom of San Pedro harbor yesterday in
the submarine E-7. The underwater
craft reached a depth of 60 feet dur-
ing the cruise and stayed beneath the
surface with Mr. Roosevelt for 30 min-
utes.

After the submarine trip Mr. Roose-
velt boarded the destroyer Paul Jones
and returned to San Diego to join the
party of Vice-President Marshall,
who arrived here yesterday morning
from San Francisco.

The Vice-President declined all in-
vitations, pleading a desire to observe
the Sabbath.

HILO NOW BOASTS OF A REGULAR BURGLAR

[Special Star-Bulletin Correspondence]
HILO, March 29.—By way of fur-
thering its metropolitan aspirations
Hilo now has a regular burglar. A
mystery. In fact it has a mystery.
And it goes so far along metropolitan
lines that its police are unable "to
find a single clue leading to the solu-
tion of the mystery that shrouds the
identity of," etc.

It is said the cosmopolitan Hiloian is
a Filipino named Imacio, and that he
has burglarized homes, stores, planta-
tion offices, chicken yards and other
elements of Hilo life. He is still at
large and the Crescent City police are
putting heavy locks on the police sta-
tion to protect it from his depredations.

LIVE WIRE KILLS THREE AND FIVE BADLY INJURED

[Associated Press by Federal Wireless]
LOS ANGELES, Cal., March 29.—
Death struck three persons in rapid
succession and five others were badly
hurt in a most unusual way here yester-
day.

Cornelius Valkhoff, in order to get
a hare to be cooked as the special
dish for his birthday dinner stepped
from his back door toward a rabbit
hutch in his yard, his foot going into
a small puddle on the path. He fell
dead instantly, the water being
charged with electricity from a broken
cable, carrying 2200 volts, which had
short circuited on the wire fence.

When Valkhoff fell, his wife rushed
to help him and fell dead across his
body the instant she touched him. A
neighbor, who saw the double fatality
and who also rushed to assist, likewise
fell, electrocuted.

The three dead bodies attracted the
two daughters, Anna and Agnes, both
children, who ran to the scene and
who were only saved from the same
instant death by a policeman, who
caught them by the braids of their
hair and jerked them away to safety.
The policeman, in rescuing the chil-
dren, came into contact with the fence
and was hurled 20 feet away, uncon-
scious and badly burned.

Two other women, neighbors, who
came hurrying to the Valkhoff prem-
ise, were also seriously shocked and
burned.

One of the most remarkable fea-
tures of the tragedy is the fact that
the hares, loose in their hutch and
running about on the wet ground,
were not hurt in any way, although
the ground was heavily charged with
the electric fluid.

TEMBLOR SHAKES ITALY PROVINCE; TERROR REIGNS

[Associated Press by Federal Wireless]
ROME, Italy, March 29.—The prov-
ince of Perugia was shaken on Sat-
urday by an earthquake, the force of
which was felt in practically every
part of the district. Although there
was no material damage, the popula-
tion was terrified, fearing a recur-
rence of the disaster of a few weeks
ago. On Saturday night the greater
part of the population of the province
camped in the open fields, afraid to
stay in the vicinity of any building.

STRAY BULLETS HIT AMERICANS ACROSS LINE

[Associated Press by Federal Wireless]
BROWNSVILLE, Tex., March 29.—
Already stray bullets from the battle
which has been under way before Ma-
tamoras, just across the line, have
wounded two Americans here, and a
report which reached this city last night
that the defenses of the Carranza
garrison are to be shelled has cre-
ated a feeling of great anxiety, lest
some of the sharpshooters falls here.
Carranzistas still hold Matamoras,
yesterday inflicting a decided defeat
upon the attackers.

The first assault on the trenches re-
sulted in a disastrous failure for the
Villistas.

JAPAN'S DEMANDS ON CHINA SEEM TO HAVE NO END; SITUATION TENSE

Nipponese Reported Demand-
ing Share In Sources of
Chinese Revenue

[Associated Press by Federal Wireless]
PEKING, China, March 29.—China's
parleying has brought no abatement
in the severity of the terms imposed
by Japan. On the contrary, it was
reported here today that two addition-
al demands have been submitted, both
of them striking seriously at the in-
tegrity of the national life.
The first of the new demands is said

to be for a substantial share in the
administration of the customs; the
second for participation in the gov-
ernment monopoly of salt, a lucrative
source of revenue.

Chinese officials admitted today that
the negotiations have now reached
perilous grounds. Nevertheless Yuan
Shih-kai is doing his best to keep the
deeply dissatisfied populace in control.
At the request of Japan, he notified
the newspapers today that they must
temper the tone of their comments,
and he urged again that the boycott of
Japanese goods be relaxed.

STRIKE THREATENING CHICAGO BUILDERS

[Associated Press by Federal Wireless]
CHICAGO, Ill., March 28.—Building
operations affecting 100,000 workers
in 34 trades and millions of dollars of
capital will be tied up, if an agree-
ment is not reached before May 1 between
contractors and labor organizations
now plunged in a factional quarrel
over contracts and jurisdictions. Sam-
uel Gompers, president of the Ameri-
can Federation of Labor, conferred
today with the warring labor leaders
in an endeavor to bring them together.

PEACEMAKERS' PLAN WOULD OUST VILLA

[Associated Press by Federal Wireless]
EL PASO, Texas, March 28.—The
convention in session in Mexico's cap-
ital reports that a plan has been pre-
sented whereby the two existing gov-
ernments will be combined and a coal-
ition government established. Under
the plan, Villa is to relinquish his
rights as civil chief of the northern
government, while his three cabinet
officers, Lombardo, Escudero and Car-
denas, will be taken into the coalition
cabinet, over which, as temporary
president, Garza will preside.

Work has been resumed on the Hilo
federal building and no time is being
lost on rushing the job ahead. The
plans for the foundations have been
changed somewhat, but only for the
good, as the new building, when com-
plete, will be in no danger of becom-
ing cracked or in any way becoming
damaged through any cause.
